LA Campus Software

LA Campus centralizes Faculty Course Proposals, LA applications, LA selections, LA pedagogy classes & training, and program assessment for your institution so your team can focus on teaching, not tracking.

From *Apply* to *First Day in Class*, automate and optimize the LA pipeline with clear milestones.

- Less administration, plus more transparent and faster LA selection.
- Faculty are empowered and coordinated through selection decisions.
- LA Campus supports sustainable program growth.
- Join and learn with a community of experienced program leaders!

LA Campus

software for LA Program Management

by the

International Learning Assistant Alliance

LA Campus allows LA program coordinators to establish norms that set best practices for course improvement using LAs. Automation and accessibility frees up time for faculty and staff to innovate and build community. The centralized and accessible system increases the diversity and number of students and faculty who participate. LA Campus helps you build a campus-wide community that values innovative, data-supported teaching.
