

# LA Campus Software

LA Campus centralizes Faculty Course Proposals, LA applications, LA selections, LA pedagogy classes & training, and program assessment for your institution so your team can focus on teaching, not tracking.

**From “Apply” to “First day in class”, automate and optimize the LA pipeline with clear milestones.**

- ✓ Less administration, plus more transparent and faster LA selection.
- ✓ Faculty are empowered and coordinated through selection decisions.
- ✓ LA Campus supports sustainable program growth.
- ✓ Join and learn with a community of experienced program leaders! Bi-weekly and monthly meetings for collaboration and support.

# LA Campus

software for LA Program Management by the  
International Learning Assistant Alliance

LA Campus allows LA program coordinators to establish norms that set best practices for course improvement using LAs. Automation and accessibility frees up time for faculty and staff to innovate and build community. The centralized and accessible system increases the diversity and number of students and faculty who participate. LA Campus helps you build a campus-wide community that values innovative, data-supported teaching.

## Features & Benefits

Secure your program's data

Summary displays statuses across your program

Drill down to department, course, faculty or LA information

Faculty Course Proposals provide guidance on course components and effective LA use

Program Coordinator review faculty proposals and provide feedback

Approved courses appear on student dashboards at sign in

Faculty and departments evaluate student applications, hire LAs, and maintain secure records

Communication tools allow easy access to campus community

Program Coordinators announce campus events that appear at sign in

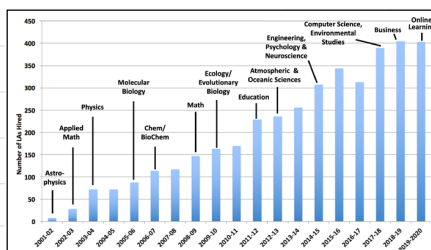

LAC Metrics processes longitudinal data for reports and grant proposals

Support is available through training, video conference, email, and the LA Campus Help Center

Participate in regularly scheduled community meetings

## Analyze Longitudinal Data

| Number of LAs by Department | Spring 2015 | Fall 2015 | Spring 2016 | Fall 2016 | Spring 2017 | Fall 2017 | Spring 2018 | Fall 2018 | Spring 2019 | Fall 2019 | Spring 2020 |
|-----------------------------|-------------|-----------|-------------|-----------|-------------|-----------|-------------|-----------|-------------|-----------|-------------|
| Applied Math                | 22          | 35        | 26          | 21        | 15          | 19        | 14          | 20        | 16          | 18        | 13          |
| Biology                     | 23          | 22        | 26          |           |             |           |             |           |             |           |             |
